Dear Mr. Sevier :

This letter shall confirm that the National Commission on Orthotic and Prosthetic Education (NCOPE) has reviewed and approved the Therapeutic Shoe Fitter DLP Program offered by CFS Allied Health Education. The reviewers believed that the method of web cam satisfied the hands-on section with appropriate oversight by the instructor and the balance of the didactic was appropriately covered via distance education.

If you have any further questions, please do not hesitate to contact us. The board wishes the program much success in the future.

Sincerely,

Robin C. Seabrook  
Executive Director
